DEPARTMENT OF LABOUR

Economics and Research Branch

OTTAWA 4, May 12, 1958.

Mrs. J. Grimshaw,
Economist,
Department of Labour,
8 York Street,
Toronto, Ontario.

Dear Mrs. Grimshaw:

Enclosed please find the union membership figures we quoted to you on the telephone last Friday.

The survey returns on which these figures are based do not make it possible in many instances to make a precise division according to sphere of jurisdiction. In the absence of over-all actual figures, we have tried to meet your request with an estimate.

We should perhaps also point out that the table which we sent you on March 26 already excluded certain unions under federal jurisdiction whose membership is organized along regional lines and cannot be readily broken down by province.

Yours very truly,

(signed) John Mainwaring
